...small kids, big ideas

## The Kidpreneur Klub...

What makes for a great business idea is a creative mind and Children are the masters of creativity. There can be tremendous value in being involved in entrepreneurial activities during a child's formative years and teaching children entrepreneurship would not only enable them to bring their ideas to reality but also help them further develop time management & self leadership skills with the aid of class tasks, videos, quizzes and worksheets. They would be exposed to:

- Videos of Kidpreneurs who started businesses at age 9;
- Finding a great business idea in line with their "Strengths", 'Skills' and 'Stuff' they already own;
- Conducting a Market research;
- Designing their Flyers, Posters, Business cards & Website with free online tools;
- Having a Business Plan;
- Better appreciation for money and making some too!

Target Audience - Years 3 to 6

Location - School Classroom

Time - 3:15 - 4:15 pm (After School)

Fees - £60.00 for 10 weeks

..."I really enjoy the Kidpreneur Klub as I think it's really fun and enjoyable. It has been brilliant setting up a business and I have really learnt so much" - Olivia Carter (Summer term 2019)
