

Sport Premium Overview

March 2017

Working Together, Learning Together, Growing Together

At Bushy Hill Junior School we believe PE & Sport plays an important role in making our vision statement a reality for every pupil, with the potential to change young people's lives for the better.

We continue to welcome the Government's additional funding to improve provision of physical education (PE) and sport in primary schools. We are committed to using this resource in developing high quality PE lessons, alongside providing greater sporting opportunities such as competitions and clubs for all our pupils.

Sport Premium Grant

Funding for schools was calculated by the number of primary aged pupils (between the ages of 5 and 11) as at the annual census in January 2016. All schools with 17 or more primary aged pupils received a lump sum of £8,000 plus a premium of £5 per pupil. Smaller schools received £500 per pupil.

Total number of pupils on roll at Bushy Hill Junior school (January 2016)	236
Total amount of Sport Premium Grant received for 2016 – 2017	£9,180

What does the Sport Premium mean for my School?

'Schools must spend the additional funding on improving their provision of PE and sport, but they will have the freedom to choose how they do this' (DfE June 2013).

At Bushy Hill, our priority is: **To raise achievement and attainment in PE, as well as increase the levels of participation from children in all aspects of Sport.**

We have found the additional Sport Premium Grant highly beneficial in helping to deliver on a number of key actions, as detailed in the following table:

Spend Area	Total Spend	Action	Outcome / impact
External Coaching	£1,943.00	Subsidised swimming lessons for children in Year 4	Targeted swimming coaching for individuals who were still below the expected swimming requirements (for their age). As a result pupils swimming abilities have improved and more are able to meet requirements.
		Extra coaching sessions for G and T children.	External coaches are used in additional sessions to support and extend the gifted sporting children within the school. They have been entered into sporting competitions and acted as ambassadors for the school.
		Specialised hardball cricket coaching from external professional coach.	This has increased their confidence and ability to help them progress quickly into club, secondary school and county cricket. As a result the school has entered 2 competitions in 2016 and 2017.
Trips/ Workshops	£1,434.00	Celebrations of world sporting events through workshops and themed curriculums e.g. Fit Kidz – Rio Olympics Workshop	Children are encouraged to learn through a series of school and workshops events, where world-wide sporting competitions are used to enthuse and inspire children through the whole school to take part in sporting activities and live a healthy and active lifestyle.
		Trip to the Surrey Oval	Trips to professional sporting fixtures inspire and enthuse children to take part in sporting activities and instil a lasting love of sport and physical activity. As a result more children have shown an interest in cricketing clubs.
		Year 3 & 4 and 5 & 6 ‘Sports Hall Athletics’ event in the spring term	The children have applied the skills they have learnt in PE lessons and gained experience of competing with others.
Equipment	£2,316.66	Purchasing of new equipment – Hard ball cricket equipment, sports hall athletics kit.	Children have been able to experience competitive, hardball cricket for the first time. Sports hall equipment has allowed a club to be formed after school and provided equipment for indoor P.E. lessons of athletics. This will allow children to practise specific skills before inter school competitions as well as add the facility to provide quality indoor P.E. activities.
CPD	£2,506.00	Training of P.E Leader	The PE leader has received CPD training in a range of areas including best Practice forums. This has allowed him to keep up to date with developments in the subject which are disseminated to staff through training, briefings and curriculum development. This ensures continuity and progression in PE curriculum/provision within the school.
		Training of all teaching staff in delivering the P.E curriculum	INSET and twilight staff training provided by external professional. Teachers are more confident and able to deliver a high quality and consistent P.E curriculum across the whole school and therefore outcomes for children.
		Purchase of P.E curriculum resources and new teaching scheme.	Teachers have guidance and resources to provide fun, progressive and high quality P.E activities in their lessons.

Equipment maintenance	£730	Provide a wide range of safe and certified equipment.	Children have access to a wide range of sporting resources including gymnastics equipment and large sports field, that are well maintained and safe for all.
------------------------------	------	--	--

Whilst we feel we have made great progress towards raising achievement and attainment in PE and increasing levels of participation in sport, we have identified the following next steps going forward and we will continue to use the **Sport Premium Grant** to support these, as detailed in the following table:

Next steps	Planned outcomes
Additional purchasing of sporting equipment.	Ensure quality resources that allow children to develop their abilities so that they can experience a range of sports and participate in inter school and district competitions.
Continual training for PE coordinator.	Further training in instigating a new P.E curriculum across the school to ensure PE leader and staff are confident in delivering a quality curriculum and therefore improving outcomes for all.
Release time for the PE Coordinator to carry out monitoring of the subject within the school and deliver further training to members of staff in identified aspects of PE.	Staff will further develop their skills to be able to teach all aspects of PE confidently resulting in improved outcomes for children. To monitor views and perceptions about healthy and active lifestyles. Review pupil/staff feedback to improve opportunities for all.

Extra-curricular sports clubs available – 2016/2017

Term	Type of Club	Attendance
Summer 2016	Athletics	37
	20 20 Cricket	7
	Hardball Cricket	13
