Summer 4

11th June 2021

Welcome back to the final half term of another strange and interrupted year. I hope you all enjoyed the half term break and have enjoyed some sunshine and warmth at last! Lots planned for this half term, so please make sure you check the newsletter, website and Studybugs so you don't miss out!

Sunshine

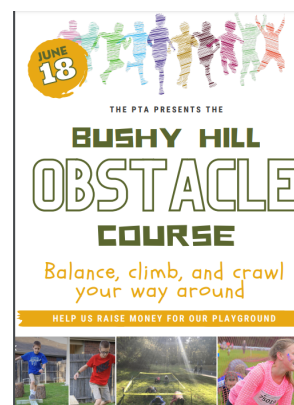

Speaking of sun and warmth, please ensure your children have sun-cream applied before school - we are unable to do this in school, so it needs to be a long wearing product. The children also need plenty of water and a named hat each day.

Traffic

Thankfully the roadworks have gone, however, there are still huge vehicles parked in Bushy Hill Drive - please take care as you negotiate your way around them. I appreciate that things are busy at drop off and pick up times, but please do not turn into the driveways to drop off or turn around. We had a very close call the other morning - please drive slowly and carefully at all times.

Sponsored Obstacle Course

We are all very excited about next Friday's obstacle course. Not only will it be a lot of fun, we hope to raise lots of money to update our redundant Trim Trail and update the 'Beach Area', so please get sponsoring and ask family and friends! I have agreed that if donations reach £2,000 before the day, I will (attempt!) the course - the children have promised not to laugh too much ...!!

Sun safety for summer

With best wishes

Dorner

District Sports and Sports Day 2021

Due to the restrictions this year, the traditional summer sports events will be run differently to past years.

District Sports will be a 'virtual' event, where all the qualifying schools in the area will participate in the competition in their own grounds and then submit their top scores with the results ranked against the other schools. We will still have medals for the 1st, 2nd and 3rd placed children and there will still be winners for each year group and an overall winning school.

Sports Day activities will be carried out in the year group bubbles and will take place over a number of weeks this term. Again the results will be collated and the points will go towards winning the traditional house cup.

Unfortunately due to the ongoing restrictions, we will not be allowing any spectators to any of the events this year. We understand that this will be disappointing for some and we appreciate your understanding in these times.

The positive aspect of the competitions this year is that we can have lots of competitors in each event and everyone should get the chance to compete for a district sports medal.

It is great that we can have some competitive sporting events this year albeit in a different format, so do please encourage your children to embrace the events and keep active!

Flour babies

This week, Year 6 has taken part in a project called 'Flour Babies'. This is where we have to take care of a bag of flour like it is our child for one week. This is supposed to teach us about responsibility and how challenging parenting can be - responsibility is key! This has also taught us about child development. Wherever we went the baby had to come with us too, Lola had to bring hers to swimming and to a cricket match. Ellie said It was very embarrassing when people gave her unwelcoming looks. Ellie had to bring hers to a posh restaurant and she even requested a high chair - but once there, everyone fully embraced 'Baby Petal'. Some people started up a Government funded daycare so they would take care of other people's babies during lunch and break. However there were a few accidents including exploding babies, dropped babies and children being left unattended! Over the week the project has taught us that it is very, very, very hard to take care of a baby - but we've enjoyed the experience.

Ellie H and Lola H
